(13) The Superintendent, Government Gardens has submitted proposals for recruitment of a Probationer to this department on a salary of Rs.80 per mensem. The period of probation proposed is two years. After the period of probation it is proposed to confirm the selected officer, if suitable, on a pay of Rs.100-10-150.

(14) The last occasion on which a Probationer was recruited was in the year 1919 when the present Superintendent Mr. Seetharama Chetty was recruited. I beg to invite perusal of the statement of officers now in the Gardens Department (Flag O). Most of them are of middle age and hardly any one of them has had proper scientific training in the subjects necessary and useful for horticultural purposes. It seems therefore to be desirable to recruit a few Probationers for the department so that when the present incumbents retire we may have suitable officers to take their places. For the present we may recruit one Probationer and after an interval of another year we may recruit another. The salary proposed is, perhaps, a little too much and may be reduced to Rs.50/- After the expiry of the period of probation, he may be absorbed in the department on a salary of Rs.100/- per mensem. The course of training to be given to the Probationer has been indicated in broad outlines by the Superintendent. It may be approved. After the candidate is selected the matter may be gone into in detail and a full programme prepared for his training. The amount required on this account during the current year may be met out of the

Respected Sir,

I, the undersigned, beg to state that I have passed the B. Sc., (Hons) Degree Examination of 1935 of the Mysore University. For the final examination I had taken Botany as the major subject and Genetics as the correlated one. I think, I have great aptitude towards Plant Breeding and Gardening. Hence I request you to give me an opportunity of serving in the Government Gardens' Department.

I belong to a respectable family of Mysore. My grandfather served in the State Education Department as an Inspector of Urdu Schools. My father is an Assistant Engineer in the P.W.D. He is serving in this department for the last thirty years and is now on the eve of his retirement. Therefore my request may be favourably considered.

I beg to remain,
Respected Sir,
Your most obedient servant,

Subject:-
probationer for this Department.

Sir,

I have the honour to state that much difficulty is being experienced in this Department for want of suitable and experienced hands, capable of taking up Administrative and Scientific works, when places in the upper subordinate and Gazetted ranks fall vacant. With a view to overcome this difficulty I propose that one probationer be recruited for this Department for the present. The candidate so selected must be a Graduate of the Mysore University, preferably with Botany, Chemistry and Zoology as Optionals and native of Mysore.

The selected candidate must be on probation for two years on Rs. 80/- per mensem and during this period he is required to work at least six months in each of the following sections of this Department.

1. Nursery & Ornamental gardens
2. Fruit Orchards
3 Vegetable Farms
4 Office.

If the probationer fully acquits himself in all the above branches and gives satisfaction in his work and conduct, he might be confirmed in the Department on a pay of Rs. 100-10-150. His further prospects will depend upon his work and capacity and occurrence of vacancies in the Higher grades. I request that Government will see their way to sanction my proposal at an early date.

I have the honor to be
Sir
Your most obedient servant,
